Experience / Volunteering:

Central Saint Martins: White Show
3D/ Experiential Designer
2017

A multidisciplinary project in collaboration with Fashion communication students, The White Show is an annual project in which first year BA Fashion Design students. As part of a team our role was to develop a proposal with the aim to add an immersive and experiential layer to the fashion show.

AL_A Architects
Short Course
2017

I completed a 7 day short course exploring new ways to communicate and present architectural ideas and concepts. This helped further extend my knowledge and imaginations whilst building upon existing skills.

Architecture Society
Assistant Coordinator
2018-Present

Assisting in the organisation of events, note taking and responding to emails. Building new networks and maintaining existing ones for the society.

Institute Of Performance Architecture
Workshop Performing Architecture: Body, Movement, Space
2018

Exploring new ways of designing that use the body as an instrument of thinking, sensing, drawing and sculpting space, accessing an intelligence that is spherical rather than linear. The workshop combined architecture with other disciplines including art, cinematography and performance, exposing me to ways we might challenge what is possible and what is considered 'normal' in design and spatial representation.

Round House Project
Construction Volunteer
2019

A collective project building a community structure at 1:1 scale. My role involved liaising with designers and skilled construction workers, making sure I maintained my own safety and that of others. The project was very team focused and pushed my understanding of what successful teamwork looks like.

Liveable Streets -Bow Micro Square
Workshop Host
2019 - Present

Engaging with the local residents within the bow community. The project involved buildings partnerships with local businesses to provide a space to host workshops for creative exchange. Taking on the role of team coordinator, delivering workshop plan. Hosting successful workshops in a confident, engaging manner, capable of communicating and interacting with a large, diverse group of people.

Work:

Virgin Active Health Club
Front Of House
2016 - 2017

I was responsible for customer service tasks, including: Providing exemplary customer service by creating a great impression from the moment members pick up the phone or walk into the club, enthusiastically welcoming them and providing a faultless representation.

Effectively handling class bookings, payments, queries and managing member expectations.

Dealing with any member feedback in a timely and professional manner, showing that you take ownership of the situation and making sure to escalate the issue to the appropriate member of staff where necessary.

Royal Ascot Champagne Bar
Deputy Head Bartender
2018 - 2019

Overseeing the running of the bar, making sure that complaints and disturbances are dealt with in a polite manner. It was my responsibility to make sure the bar is clean and tidy at all times, even during busy periods. Duties included scheduling shifts and training staff to managing and administrative tasks.

Proficiency and technical skills

Operating systems (Windows and MacOS)

3D Modelling

- AutoCad
- Rhino
- Sketchup
- Vray

Adobe Creative suite

- In Design
- Illustrator
- Photoshop
