PROFILE

Graduate Fashion Styling and Production student, very enthusiastic towards learning and further developing new and old skills to better myself in the fashion industry, and gain experience.

Very strong organisational skills with ability to work in a fast paced environment. Very resourceful making do with the materials to hand. A great eye for detail and a strong sense of style with the ability to voice my own creative ideas as well as listening others. Able to handle pressure and thrive in the competitive fashion industry. I have experience with contacting, collecting and returning from PR's and working in big creative teams.
