Echoes of Silence moves through the quiet weight of passive aggression – the unspoken traces that wound without being named. The silhouettes emerge from fractured memories and the lingering echoes of feelings that never fully fade.

"A wrapped, unspeakable weight of restraint"

Same silhouette applied  
to look 6.

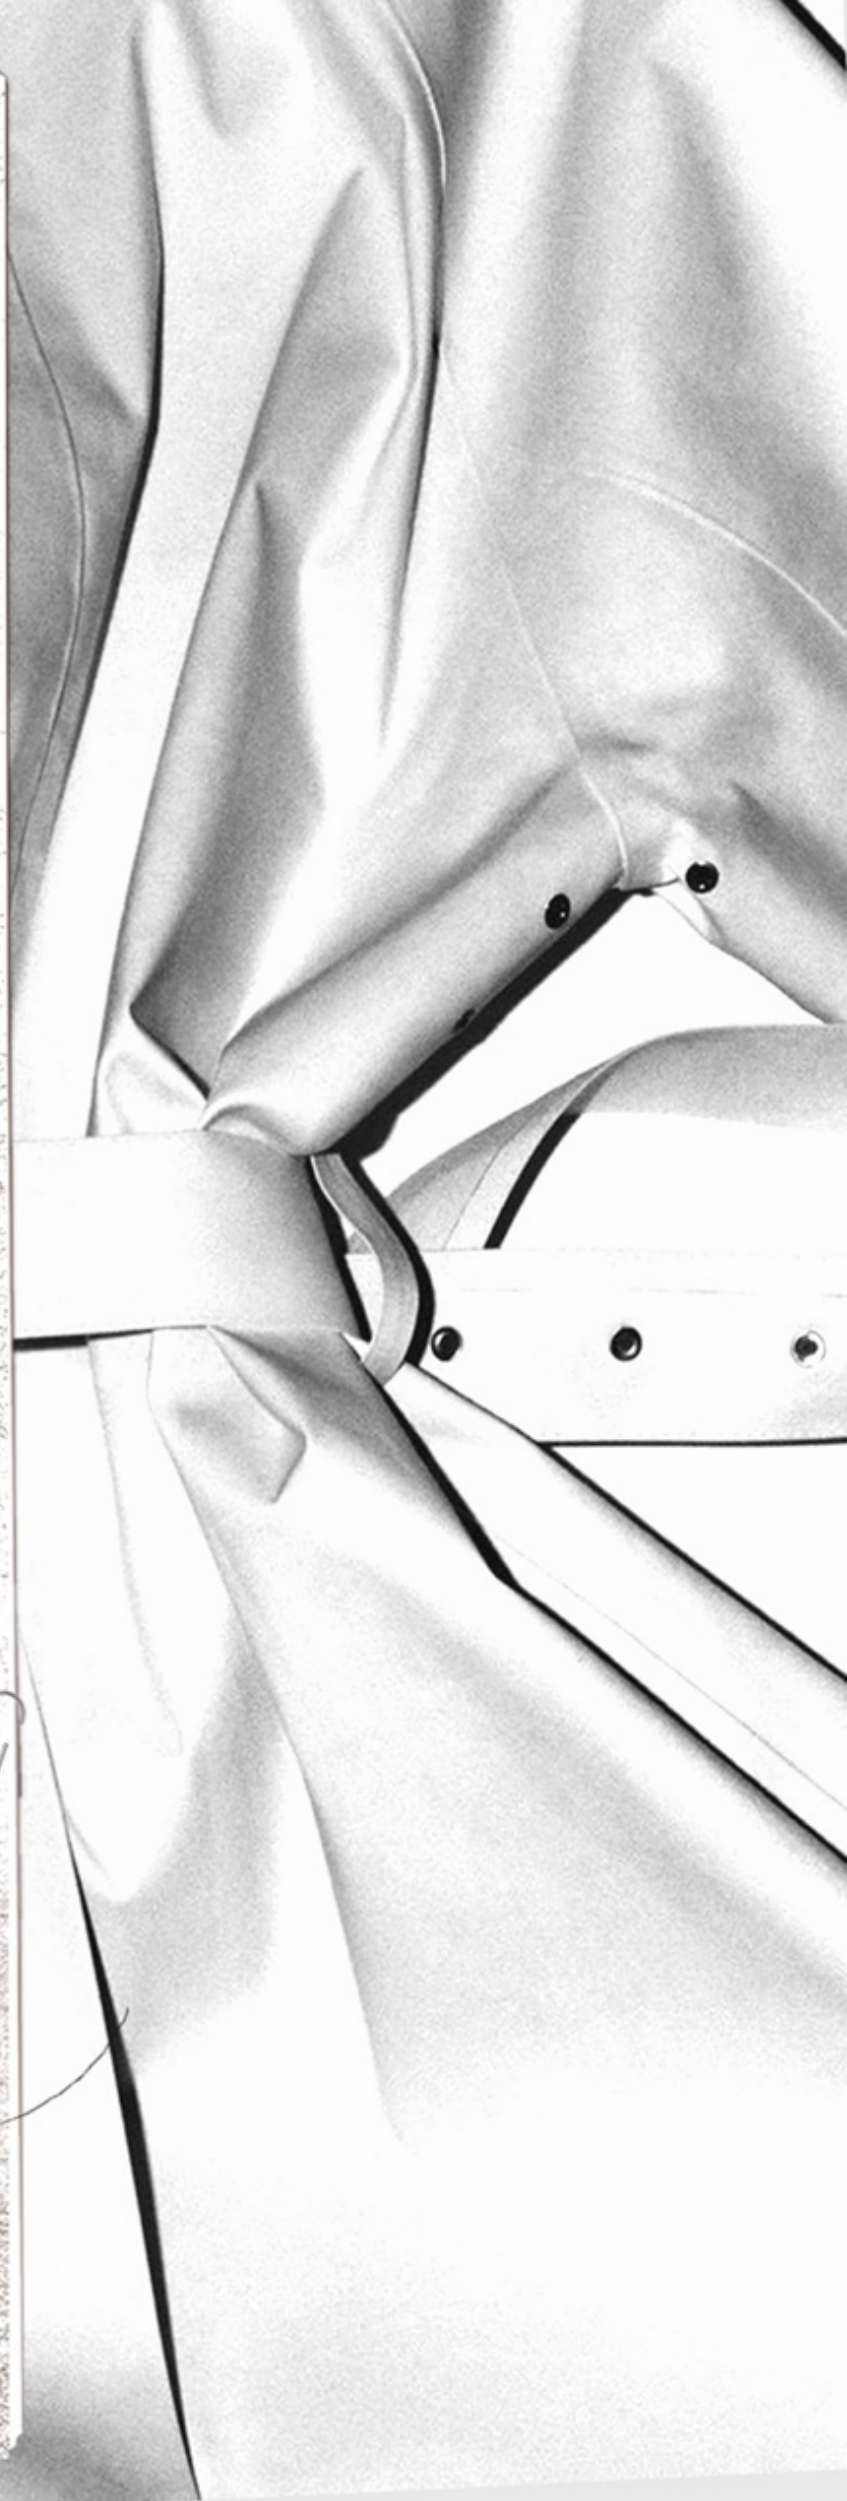

The trench coat is deconstructed to create a sense of disarray.

"A restless, chaotic, and anxious mind."

"A vulnerable and sensitive inner monologue."

"A feeling of entangled struggle."

"A fragility concealed beneath layers of defense."
